

02- *R* -1924

**A RESOLUTION BY:
CITY UTILITIES COMMITTEE**

A RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A LOCAL GOVERNMENT PROJECT AGREEMENT BETWEEN THE CITY OF ATLANTA AND THE GEORGIA DEPARTMENT OF TRANSPORTATION FOR DESIGN AND CONSTRUCTION OF THE SR 260/GLENWOOD AVENUE SIDEWALKS FROM I-20 TO EASTLAKE ROAD PROJECT; AND FOR OTHER PURPOSES.

WHEREAS, the City of Atlanta has represented to the Georgia Department of Transportation (GDOT) a desire to improve the transportation facility project described as SR 260/Glenwood Avenue Sidewalks from I-20 to Eastlake Road in the city of Atlanta, currently described as Georgia Department of Transportation Project Number STP-00BK(61), PI No. 762502; and

WHEREAS, the city of Atlanta has represented to the Georgia Department of Transportation a desire to construct sidewalks in the city of Atlanta along the aforementioned route; and

WHEREAS, the Georgia Department of Transportation has expressed a willingness to participate in the funding of the design and construction of these transportation improvements with funds of GDOT for funds appropriated to the Georgia Department of Transportation by the Federal Highway Administration, under Title 23, United States Code, Section 104, or a combination of funds from the above sources; and

WHEREAS, the Georgia Department of Transportation has requested that the city of Atlanta participate in this project by funding as set forth in Exhibit "A" of the Agreement one hundred percent of preliminary engineering acquisition of right-of-way and easement costs and by accomplishing all of the design activities related to the completion of this project; and

WHEREAS, the Georgia Department of Transportation has further requested that the city of Atlanta participate in the construction of this project by funding twenty percent of the construction and one hundred percent of utility relocation costs directly related to the completion of this project as set forth in Exhibit "A" of the Agreement and by accomplishing all the construction activities of these projects.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ATLANTA, GEORGIA as follows:

SECTION 1: That the Mayor be and is hereby authorized to enter into an appropriate Local Government Project Agreement for the construction of sidewalks at the SR 260/Glenwood Avenue from I-20 to East Lake Road.

SECTION 2: That the City Attorney be and is hereby directed to prepare contractual agreement in cooperation with the Department of Public Works, for execution by the Mayor, to be approved by the City Attorney as to form.

SECTION 3: That this agreement shall not become binding on the City and the City shall incur no liability upon same until such agreement has been executed by the Mayor and delivered to the Georgia Department of Transportation and countersigned by that Party.

Mr. Norman Koplon, P.E., Commissioner
City of Atlanta – Dept. of Public Works
55 Trinity St. Suite 4500
Atlanta, GA 30335

Dear Mr. Koplon:

ATTENTION: Ladun Esan, P.E.

I am pleased to notify you that the Georgia Department of Transportation is agreeable to participate in the improvement of the following project:

PROJECT#:STP-00BK(61) Dekalb County, P.I.#762502
SR 260/ Glenwood Ave. Sidewalks from I-20 To Eastlake Rd.

Please review the attached agreement and if satisfactory, then you will need to execute all three (3) originals and return them to this office. Once all parties have signed the agreement, I will return a copy of the agreement to you for your file.

Please note that this project is located in the City of Atlanta in Dekalb County.

Should you have any questions please call me at (404) 463-2799.

Sincerely yours,

Herman T. Griffin

AGREEMENT
BETWEEN
DEPARTMENT OF TRANSPORTATION
STATE OF GEORGIA
AND
THE CITY OF
ATLANTA, GEORGIA
for
SR 260 / GLENWOOD AVE. SIDEWALKS FROM I-20 TO EASTLAKE RD.

This AGREEMENT is made and entered into this _____ day of _____, 2002, by and between the DEPARTMENT OF TRANSPORTATION, an agency of the State of Georgia, hereinafter called the "**DEPARTMENT**", and the CITY OF ATLANTA, GEORGIA, acting by and through its Chairman and Board of Commissioners, hereinafter called the "**CITY**".

WHEREAS, the CITY has represented to the DEPARTMENT a desire to improve the transportation facility, currently described as Georgia Department of Transportation Project Number STP-00BK(61), P. I. Number 762502, hereinafter referred to as the "**PROJECT**"; and

WHEREAS, the CITY has represented to the DEPARTMENT a desire to participate in certain activities of the project as set forth in this AGREEMENT, and the DEPARTMENT has relied upon such representations; and

WHEREAS, the DEPARTMENT has expressed a willingness to participate in certain activities of the PROJECT as set forth in the AGREEMENT.

THEREFORE in consideration of the mutual promises made and of the benefits to flow from one to the other, the DEPARTMENT and the CITY hereby agree each with the other as follows:

1. The CITY shall contribute to the PROJECT by funding all or certain portions of the PROJECT costs for the preconstruction engineering (design) activities, utility relocations, right of way acquisitions, and/or construction as set forth in Exhibit "A". The CITY's contribution for any portion of the PROJECT's funding as set forth in Exhibit "A", shall be received by the DEPARTMENT before any matching funds are apportioned by the DEPARTMENT.

2. The DEPARTMENT shall contribute to the PROJECT by funding all or certain portions of the PROJECT costs for the design activities, utility relocations, right of way acquisitions, and/or construction as set forth in Exhibit "A". The DEPARTMENT may use funds of the DEPARTMENT, funds apportioned to the DEPARTMENT by the Federal Highway Administration, hereinafter referred to as the "FHWA", under Title 23, United States Code, Section 104, or a combination of funds from any of the above sources; subject to those certain conditions set forth in this AGREEMENT.

3. If the actual costs for any or all of the funding categories exceed the amounts set forth in Exhibit "A", the CITY shall fund 100 % of such excess costs.

4. The CITY shall be responsible for all costs for the continual maintenance and continual operation of any and all sidewalks and the grass strip between the curb and gutter and the sidewalk within the PROJECT limits.

5. The CITY shall accomplish all of the design activities for the PROJECT. The design activities shall be accomplished in accordance with the DEPARTMENT's Plan Development Process, the applicable guidelines of the American Association of State Highway and Transportation Officials, hereinafter referred to as "AASHTO", the DEPARTMENT's Standard Specifications Construction of Roads and Bridges, the DEPARTMENT's Plan Presentation Guide, PROJECT schedules, and applicable guidelines of the DEPARTMENT. The CITY's responsibility for design shall include, but is not limited to the following items:

a. Prepare the PROJECT concept report in accordance with the format used by the DEPARTMENT. The concept for the PROJECT shall be developed to accommodate the future traffic volumes as generated by the CITY as provided for in paragraph 5b and approved by the DEPARTMENT. The concept report shall be approved by the DEPARTMENT prior to the CITY beginning further development of the PROJECT plans. It is recognized by the parties that the approved concept may be modified by the CITY as required by the DEPARTMENT and re-approved by the DEPARTMENT during the course of design due to public input, environmental requirements, or right of way considerations.

b. Develop the PROJECT's base year (year facility is expected to be open to traffic) and design year (base year plus 20 years) traffic volumes. This shall include average daily traffic (ADT) and morning (a.m.) and evening (p.m.) peak hour volumes. The traffic shall show all through and turning movement volumes

at intersections for the ADT and peak hour volumes and shall indicate the percentage of trucks expected on the facility.

c. Validate (check and update) the approved PROJECT concept and prepare a PROJECT Design Book for approval by the DEPARTMENT prior to the beginning of preliminary plans.

d. Prepare environmental studies, documentation, and reports for the PROJECT that show the PROJECT is in compliance with the provisions of the National Environmental Protection Act and Georgia Environmental Protection Act, as appropriate to the PROJECT funding. This shall include any and all archaeological, historical, ecological, air, noise, underground storage tanks (UST), and hazardous waste site studies required. The CITY shall submit to the DEPARTMENT all environmental documents and reports for review and approval by the DEPARTMENT and the FHWA.

e. Prepare all public hearing and public information displays and conduct all required public hearings and public information meetings in accordance with DEPARTMENT practice.

f. Perform all surveys, mapping, and soil investigation studies needed for design of the PROJECT.

g. Perform all work required to obtain project permits, including, but not limited to, US Army Corps of Engineers 404 and Federal Emergency Management Agency (FEMA) approvals. These efforts shall be coordinated with the DEPARTMENT.

h. Prepare the PROJECT's drainage design including erosion control plans and the development of the hydraulic studies for the Federal Emergency Management Agency Floodways and acquisition of all necessary permits associated with the drainage design.

i. Prepare traffic studies, preliminary construction plans including a cost estimate for the Preliminary Field Plan Review, preliminary and final utility plans, preliminary and final right of way plans, staking of the required right of way, and final construction plans including a cost estimate for the Final Field Plan Review, erosion control plans, lighting plans, traffic handling plans, and construction sequence plans and specifications including special provisions for the PROJECT.

j. Provide certification, by a Georgia Registered Professional Engineer, that the construction plans have been prepared under the guidance of the professional engineer and are in accordance with AASHTO and DEPARTMENT guidelines.

k. Failure of the CITY to follow the DEPARTMENT's Plan Development Process will jeopardize the use of Federal funds in some or all of the categories outlined in Exhibit "A", and it shall be the responsibility of the CITY to make up the loss of that funding.

6. All Primary Consultant firms hired by the CITY to provide services on the PROJECT shall be prequalified with the DEPARTMENT in the appropriate area-classes. The DEPARTMENT shall, on request, furnish the CITY with a list of prequalified consultant firms in the appropriate area-classes.

7. The PROJECT construction and right of way plans shall be prepared in English units.

8. All drafting and design work performed on the PROJECT shall be done utilizing Microstation and CAiCE software respectively, and shall be organized as per the DEPARTMENT's guidelines on electronic file management.

9. The DEPARTMENT shall review and has approval authority for all aspects of the PROJECT. The DEPARTMENT will work with the FHWA to obtain all needed approvals with information furnished by the CITY.

10. The CITY shall be responsible for the design of all bridges(s) and preparation of any required hydraulic and hydrological studies within the limits of this PROJECT in accordance with the DEPARTMENT's policies and guidelines. The CITY shall perform all necessary survey efforts in order to complete the design of the bridge(s) and prepare any required hydraulic and hydrological studies. The final bridge plans shall be incorporated into this PROJECT as a part of this AGREEMENT.

11. The CITY shall follow the DEPARTMENT's procedures for identification of existing and proposed utility facilities on the PROJECT. These procedures, in part, require all requests for existing, proposed, or relocated facilities to flow through the DEPARTMENT's Project Liaison and the District Utilities Engineer.

12. The CITY shall address all railroad concerns, comments, and requirements to the satisfaction of the DEPARTMENT.

13. Upon the CITY's determination of the rights of way required for the PROJECT and the approval of the right-of-way plans by the DEPARTMENT, the necessary rights of way for the PROJECT shall be acquired by the responsible party as set forth in Exhibit "A". Right of way acquisition shall be in accordance with the law and the rules and regulations of the FHWA including, but not limited to, Title 23, United States Code; 23 CFR 710, et. seq., and 49 CFR Part 24, and the rules and regulations of the DEPARTMENT. Failure of the CITY to follow these requirements may result in

loss of Federal funding for the PROJECT and it will be the responsibility of the CITY to make up the loss of that funding. All required rights of way shall be obtained and cleared of obstructions, including underground storage tanks, prior to the DEPARTMENT's advertising the PROJECT for bids. The CITY shall further be responsible for making all changes to the approved right-of-way plans, as deemed necessary by the DEPARTMENT, for whatever reason, as needed to purchase the right of way or to match actual conditions encountered.

14. Upon completion and approval of the PROJECT plans, certification that all needed rights of way have been obtained and cleared of obstructions, and that certification that all needed permits for the PROJECT have been obtained by the CITY, the PROJECT shall be let for construction by the responsible party as set forth in Exhibit "A". The responsible party shall be solely responsible for securing and awarding the construction contract for the PROJECT.

15. The CITY shall review and make recommendations concerning all shop drawings prior to submission to the DEPARTMENT. The DEPARTMENT shall have final authority concerning all shop drawings.

16. The CITY agrees that all reports, plans, drawings, studies, specifications, estimates, maps, computations, computer diskettes and printouts, and any other data prepared under the terms of this AGREEMENT shall become the property of the DEPARTMENT. This data shall be organized, indexed, bound, and delivered to the DEPARTMENT no later than the advertisement of the PROJECT for letting. The DEPARTMENT shall have the right to use this material without restriction or limitation and without compensation to the CITY.

17. The CITY shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by or on behalf of the CITY pursuant to this AGREEMENT. The CITY shall correct or revise, or cause to be corrected or revised, any errors or deficiencies in the designs, drawings, specifications, and other services furnished for this PROJECT. Failure by the CITY to address the errors or deficiencies within 30 days shall cause the CITY to assume all responsibility for construction delays caused by the errors and deficiencies. All revisions shall be coordinated with the DEPARTMENT prior to issuance. The CITY shall also be responsible for any claim, damage, loss or expense that is attributable to negligent acts, errors, or omissions related to the designs, drawings, specifications, and other services furnished by or on behalf of the CITY pursuant to this AGREEMENT.

18. Both the CITY and the DEPARTMENT hereby acknowledge that time is of the essence and both parties shall adhere to the priorities established in the approved Transportation Improvement Program/State Transportation Improvement Program (TIP/STIP) or earlier. Furthermore, all parties shall adhere to the detailed project schedule, as approved by the DEPARTMENT. In the completion of respective commitments contained herein, if a change in the schedule is needed, the DEPARTMENT shall have final authority. If, for any reason, the CITY does not produce acceptable deliverables at the milestone dates defined in the current TIP/STIP, or in the approved schedule, the DEPARTMENT reserves the right to delay the PROJECT's implementation until funds can be re-identified for construction of right of way, as applicable.

19. This AGREEMENT is made and entered into in Fulton County, Georgia, and shall be governed and constructed under the laws of the State of Georgia. The

February 26, 2002

covenants herein contained shall, except as otherwise provided, accrue to the benefit of and be binding upon the successors and assigns of the parties hereto.

February 26, 2002

IN WITNESS WHEREOF, the DEPARTMENT and the CITY have caused these presents to be executed under seal by their duly authorized representatives.
